Where Everyone Has Hope After Loss

Summer Camp

Camp Agape offers a fun and energetic 4 day program for children ages 7-12 who have suffered the loss of a family member.

Group sessions incorporate the use of art, music, games and equine therapy in a fun and nurturing summer camp setting.

Each child is matched with a "Buddy" who will assist the camper in all activities so they are never alone in the grief process.

This faith-based therapeutic program provides a sense of hope in their time of loss, blended with all the fun of a typical summer camp.

Family Retreat

Family Retreat is a getaway weekend experience for the entire family.

Both group and private sessions provide a safe place for sharing and receiving supportive care.

This relaxing environment is the perfect place to reinforce bonds, have fun together, and receive tools to promote healing through the grief journey.

Footprints

Footprints effectively places children in an 8 week after school peer support group with other children, ages 6-15, who have experienced loss.

In a safe and caring environment, children can learn to identify and cope with emotions.

The activities they participate in are designed by mental health professionals. All the activities and games are group-based and the theme of "You are not alone" is emphasized.
